

Summer Above Ground Tree Clearance

Studebaker Nurseries has thousands of trees above ground, all well maintained on drip irrigation, and not mulched in. This allows the tree to fill the ball with new roots, making them much less likely to suffer any shock when transported and planted. We have all the best varieties and sizes, now on sale! Just look at the great condition these trees are in, and then look at the great prices now available.

Acer f. 'Armstrong'
